We are unable to process your 2024-2025 financial aid application because it contains conflicting information regarding your parent's marital status. We require clarification about whom **your parent is and their current marital status**. **Your answers below must be based on the parent listed on your 2024-2025 FAFSA and that parent's CURRENT marital status.**

Parent Defined: (regardless of gender) refers to your biological or adoptive parents. **Grandparents, foster parents, legal guardians, aunts/uncles, and siblings are not considered parents for federal financial aid purposes unless they legally adopted you.**

Dependent students who do not live with their legal parents must still provide parental information with current parent marital status. **If your parent that is listed on the FAFSA has remarried, you must include information about your stepparent below.**

If your biological/adoptive parents are not together, answer questions for the parent you lived with the most in the past 12 months. If you did not live with either parent or lived with each parent an equal number of days, your parent is the one who provided the most financial support (gifts, loans, housing, food, clothing, car, money, medical/dental care, payment of college costs, etc.) in the most recent 12-month period. **You will answer the questions based on this parent's current marital status.**

Check only one box in Section 1, then check only one box in Section 2 to indicate parent marital status.
